

(not so) Virtual experience

Nicolás Peña-Escarpentier
ICM Final project, Fall 2017

Libraries & Framework

→ Three.js

→ WebVR

Idea #1

Foreign Existence

- Evoke experiences
- Raise awareness of existing oppressions
- Build empathy

SELECT

character & setting

Phrases & concepts floating

Words surround you

Always present as you try to
explore the environment

Idea #2

Immersive Soundscapes

what I have right now...

Upgrades

- Finished
- Select *mood* or *environment*
- Select song or playlist (Spotify?)
